Updates to SNHD Clinical Master Fee Schedule

DONNIE (DJ) WHITAKER
CHIEF FINANCIAL OFFICER

APRIL 20, 2026

Clinical Master Fee Schedule Review

The billing fee schedule is reviewed annually to add new fees or adjust existing fees.

Annual review of fees allows for changes on a consistent basis to stay consistent with the local medical community prevailing rates. These regular fee updates position SNHD for the potential benefit of increased reimbursement from contracted insurances and Medicare.

Uninsured patients will see minimal, or no impact based on the availability of the sliding fee or point of care discount.

Clinical Master Fee Review Methodology

Compare all fees currently utilized in SNHD operations to fees established in the Clark County local healthcare community (Source: The Physician Fees Report 2026).

Identify existing fees lower than 60th percentile of reported fees for further review. Add new fees anticipated to be utilized in 2026.

Propose fee changes based on comparison of current fees to 60th percentile of reported fees and Medicare reimbursement rate.

If there are fees not represented in the Physician Fees Report, an analysis of direct and indirect costs for services, medications or other ancillary costs is completed to form a basis for the fees.

These methods ensure SNHD is positioned to receive the fullest reimbursement possible from payers. Proposed changes to individual fees are included in Exhibit A (247 fees total with 20 new fees). All other fees on the billing fee schedule remain the same.

“Qualifying G-Codes have been set to the approved PPS rate to support shadow billing, effective 1/1/2026”
