

# Memorandum

**Date:** June 25, 2026

**To:** Southern Nevada District Board of Health

**From:** Anilkumar Mangla, MS, PhD, MPH, FRIPH, *Director of Disease Surveillance & Control*  
 Cassius Lockett, PhD, *District Health Officer* 

**Subject:** Disease Surveillance & Control Division Monthly Activity Report – May 2026

**A. Division of Disease Surveillance and Control**

**1. Number of Confirmed and Probable Cases of Selected Illnesses Reported**

	May 2025	May 2026		YTD 25	YTD 26	
<b>Sexually Transmitted</b>						
<b>Chlamydia</b>	1049	863	↓(17.7%)	5030	4948	↓(1.6%)
<b>Gonorrhea</b>	476	323	↓(32.1%)	2029	1874	↓(7.6%)
<b>Primary Syphilis</b>	7	3	↓(57.1%)	46	25	↓(45.7%)
<b>Secondary Syphilis</b>	5	1	↓(80%)	40	32	↓(20%)
<b>Early Non-Primary, Non-Secondary<sup>1</sup></b>	32	9	↓(71.9%)	154	121	↓(21.4%)
<b>Syphilis Unknown Duration or Late<sup>2</sup></b>	127	39	↓(69.3%)	613	439	↓(28.4%)
<b>Congenital Syphilis (presumptive)</b>	1	1	→(0%)	16	11	↓(31.3%)
<b>Moms and Babies Surveillance<sup>3</sup></b>						
<b>Pregnant Persons Living with HIV<sup>4</sup></b>	5	1	↓ (80%)	25	15	↓(40%)
<b>Pregnant Syphilis Cases</b>	19	18	↓ (5.3%)	76	142	↑ (86.8%)
<b>Perinatally Exposed to HIV</b>	8	4	↓ (50%)	17	11	↓(35.3%)
<sup>1</sup> Early Non-Primary, Non-Secondary= CDC changed the case definition from Early Latent Syphilis to Early Non-Primary, Non-Secondary <sup>2</sup> Syphilis Unknown Duration or Late=CDC changed the case definition from Late Latent Syphilis to Syphilis Unknown Duration or Late <sup>3</sup> Counts under this section represent investigations conducted by ODS concerning pregnant persons with HIV or syphilis and do not reflect actual counts of cases diagnosed in the specified period. These investigations are aimed at monitoring and preventing adverse health outcomes, such as perinatal HIV transmission and congenital syphilis. <sup>4</sup> The count reflects ODS efforts around pregnant persons with HIV and is not a reflection of the total number of pregnant persons with HIV in our community. Persons living with HIV who become pregnant are not a reportable condition in Clark County. <sup>5</sup> Arrows indicate directional change only and do not represent statistical significance.						
<b>Vaccine Preventable</b>						
<b>Haemophilus influenzae, invasive disease</b>	3	5	↑(40%)	18	27	↑(26.3%)
<b>Hepatitis B, acute</b>	4	0	↓(11%)	18	12	↓(33.3%)
<b>Influenza Hospitalizations and Deaths</b>	38	41	↑(7.3%)	1159	1037	↓(10.5%)

	May 2025	May 2026		YTD 25	YTD 26	
<b>Meningococcal disease (Neisseria meningitidis)</b>	0	0	→(0%)	0	1	↑(100%)
<b>MPOX</b>	0	0	→(0%)	0	16	↑(100%)
<b>COVID-19 Hospitalizations and Deaths</b>	91	3	↓(85.7%)	468	141	↓(69.9%)
<b>69.87Pertussis</b>	4	2	↓(50%)	27	83	↑(207%)
<b>RSV</b>	33	108	↑(227%)	2207	2403	↑(8.8%)
<b>Enteric Illness</b>						
<b>Amebiasis</b>	2	0	↓(100%)	6	0	↓(100%)
<b>Campylobacteriosis</b>	25	15	↓(40%)	94	91	↓(3.2%)
<b>Cryptosporidiosis</b>	8	2	↓(75%)	15	7	↓(53.3%)
<b>Giardiasis</b>	6	1	↓(83.3%)	25	16	↓(36%)
<b>Rotavirus</b>	49	26	↓(46.9%)	161	77	↓(52.2%)
<b>Salmonellosis</b>	18	8	↓(55.6%)	71	63	↓(11.3%)
<b>Shiga toxin-producing Escherichia coli (STEC)</b>	19	1	↓(94.7%)	39	30	↓(23.1%)
<b>Shigellosis</b>	6	3	↓(50%)	34	25	↓(26.5%)
<b>Vibriosis (non-cholera Vibrio species infection)</b>	1	0	↓(100%)	5	4	↓(20%)
<b>Yersiniosis</b>	6	1	↓(83.3%)	26	14	↓(36.2%)
<b>Other</b>						
<b>Coccidioidomycosis</b>	19	9	↓(52.6%)	130	83	↓(36.2%)
<b>Cryptococcosis</b>	0	1	↑(100%)	0	3	↑(50%)
<b>Cyclosporiasis</b>	0	0	→(0%)	0	1	↑(100%)
<b>Dengue</b>	0	0	→(0%)	1	1	→(0%)
<b>Hepatitis C, acute</b>	0	2	↑(100%)	6	9	↑(50%)
<b>Invasive Pneumococcal Disease</b>	14	18	↑(28.5%)	124	125	↑(0.8%)
<b>Lead Poisoning</b>	14	19	↑(35.7%)	73	128	↑(75%)
<b>Legionellosis</b>	8	0	↓(100%)	22	12	↓(45.5%)
<b>Lyme Disease</b>	0	0	→(0%)	1	1	→(0%)
<b>Meningitis, Aseptic</b>	2	0	↓(100%)	9	3	↓(66.7%)
<b>Meningitis, Bacterial Other</b>	0	0	→(0%)	4	4	→(0%)
<b>Streptococcal Toxic Shock Syndrome (STSS)</b>	4	5	↑(25%)	17	17	→(0%)
<b>New Active TB Cases Counted (&lt;15 yo)</b>	0	1	↑(100%)	0	1	↑(100%)
<b>New Active TB Cases Counted (&gt;= 15 yo)</b>	9	0	↓(100%)	33	23	↓(30.3%)

**2. Number of Cases Investigated by ODS**

Monthly DIIS Investigations CT/GC/Syphilis/HIV/TB	Contacts	Clusters <sup>1</sup>	Reactors/ Symptomatic/ X-ray <sup>2</sup>	OOJ/ FUP <sup>3</sup>
<b>Chlamydia</b>	2	0	19	0
<b>Gonorrhea</b>	2	0	3	0
<b>Syphilis</b>	6	1	124	0
<b>HIV/AIDS (New to Care/Returning to Care)</b>	14	5	67	0
<b>Tuberculosis</b>	41	0	5	0
<b>TOTAL</b>	65	6	218	0
<sup>1</sup> Clusters= Investigations initiated on named clusters (clusters= named contacts who are not sex or needle sharing partners to the index patient) <sup>2</sup> Reactors/Symptomatic= Investigations initiated from positive labs or reported symptoms <sup>3</sup> OOJ= Investigations initiated Out of Jurisdiction reactors/partners/clusters FUP= Investigations initiated to follow up on previous reactors, partners, or clusters				

**3. Disease and Outbreak Investigations**

- a. **MPOX:** As of May 31, 2026, Clark County had 354 cases of MPOX since the first reported case in 2022.
- b. **MPOX Outbreak:** In the last 7 months there were 31 MPOX cases (21 confirmed, 6 probable and 4 suspect). One out of the twenty-eight cases was received in the past 4 weeks. This is considered to be an outbreak. ODS, in collaboration with PPC, conducted outreach at venues associated with the cases to offer education and vaccines.
- c. **Influenza:** SNHD started the influenza surveillance for the 2025-2026 season on September 28, 2025. Influenza surveillance for Clark County, Nevada includes data collected from local acute care hospitals and other healthcare providers. Nationwide, seasonal influenza activity is low. Statewide, outpatient respiratory illness activity in Nevada is minimal. Locally, as of 05/23/2026, during the 2025 - 2026 influenza season, 1,367 influenza-associated hospitalizations and 50 deaths have been reported and processed. The total number of cases presented in this report is subject to change due to potential delays in reporting and data processing. Influenza surveillance ended on 5/23/2026.
- d. **Campylobacter WGS cluster:** SNPHL identified 4 cases linked by Whole Genome Sequencing laboratory testing. All four were MSM. OOE developed a survey to gather information about sexual practices and risk factors to identify any common exposures. ACDC investigation team administered re-interviews and obtained additional information. DSC continued to monitor cases through the end of March. Ten probable and 4 confirmed cases have been identified with this outbreak to date. The survey will continue to be used for cases with sexually transmitted infection comorbidities.
- e. **Legionella:** Two cases of Legionnaires' disease associated with the Wynn Las Vegas are being investigated. The Wynn has initiated remediation, and recent sampling was negative for *Legionella*. Notifications to staff and guests are being made. Guests with illness following a stay at the Wynn are encouraged to complete a survey for case finding. Investigation is ongoing.
- f. **Illness at schools:** 1 school reported gastrointestinal illness and 1 reported respiratory illness in May. DSC staff sent surveys to the parents of ill children. School outbreak investigations are closed with school ending May 22.

#### 4. Non-communicable Reports and Updates

- a. The Division of Disease Surveillance and Control hosted six CDC Epidemic Intelligence Service officers (EISOs) from May 18-29, 2026, as part of an Epi Aid request to better understand the local overdose landscape. While the rest of the United States has been seeing significant decreases in the number of overdose deaths, Nevada has not seen a decrease in overdose deaths at the same magnitude (decrease of 15.9% vs. 2.2%). The goals of this project were to characterize local drug and fatal overdose trends; evaluate knowledge, beliefs, and behaviors among people at risk of overdose; and identify barriers and facilitators among service providers. Efforts were made to ensure representativeness of the data collected, and local overdose surveillance data were used to guide the locations of client recruitment. During their time in Clark County, the EISOs interviewed 68 community members (46% were considered transient/unstably housed). Key findings include the following: about 50% of respondents had used more than one substance, methamphetamine was the most reported substance used by respondents, and roughly 70% of respondents had witnessed an overdose within the past year. Quantitative and qualitative analyses are ongoing, and CDC will provide SNHD with a final report in the coming months. Community partner organizations included Foundation for Recovery, There Is No Hero In Heroin, Trac B Impact Exchange, The Center, Clean the World, Vegas Stronger, Shine-A-Light, and the LVMPD LIMA program. The Office of Disease Surveillance thanks these community partner organizations for their support of this project!
- b. **Naloxone Training:** SNHD is training and distributing naloxone (Narcan®) to first responders and members of key community sectors throughout Nevada to better respond to the large-scale burden of opioid overdoses. Funding from SAMHSA's First Responders-Comprehensive Addiction and Recovery Act (FR-CARA), SAMHSA's State Opioid Response (SOR) via sub-awards from the University of Nevada Reno's Center for the Application of Substance Abuse Technologies, BJA's Comprehensive Opioid, Stimulant, and Substance Use Program (COSSUP), and the CDC's Overdose Data to Action (OD2A) program has been instrumental. ODS has implemented a policy for SNHD staff to carry and administer naloxone. ODS has also been given permission at the Clark County Detention Center to place naloxone in a person's property at the facility.

The following naloxone distributions took place in the month of May:

<b>Naloxone Distribution</b>	<b>Agency</b>	<b># of Naloxone doses distributed</b>
5/7/2026	Clark County Las Vegas Library District	2472
5/7/2026	Boyd Gaming	24
5/7/2026	Foundation For Recovery	214
5/7/2026	Larson Institute (CDC Foundation)	48
5/7/2026	The Promise	144
5/11/2026	SNHD - Pharmacy	220
5/12/2026	SNHD - L2A	15
5/13/2026	USAF	48
5/13/2026	Punk Rock Saves Lives	24
5/14/2026	SNHD - FQHC Fremont	48
5/14/2026	SNHD - L2A	24
5/14/2026	EDC - UBER	360
5/18/2026	CDC - Epi Aids	12
5/19/2026	Red Rock Search and Rescue	36
5/19/2026	DHS/TSA	48
5/19/2026	Nevada State Police	240
5/19/2026	SNHD - L2A	306
5/19/2026	Celestial Chateau	24
5/21/2026	HELP of Southern Nevada	4008
5/26/2026	SNHD - Pharmacy	44
<b>Total</b>		<b>5206</b>

c. Overdose Data to Action (ODTA): The ODS ODTA Health Education team monitors the Fentanyl (FTS) and Xylazine (XTS) Test Strip Program.

The following participating agencies and internal SNHD programs received FTS and XTS during the month of May:

<b>Date:</b>	<b>Agency:</b>	<b>FTS:</b>	<b>XTS:</b>	<b>QTY:</b>
5/11/2026	SNHD Office of Disease Surveillance	100	100	200
5/11/2026	SNHD L2A Team	0	500	500
5/13/2026	Punk Rock Saves Lives	500	500	1000
5/20/2026	Foundation for Recovery	5,000	5,000	10,000
5/28/2026	Valley View Community Cares	1,000	1,000	2,000
<b>TOTALS:</b>		<b>6,600</b>	<b>7,100</b>	<b>13,700</b>

## 5. Prevention - Community Outreach/Provider Outreach/Education

- a. Ongoing promotion continues of the [Collect2Protect](#) (C2P) program, an online service for those requesting testing for gonorrhea, chlamydia, and at-home HIV test kits. The C2P program allows users to order an at-home HIV test kit conveniently and privately, at no cost and get their results at home. Test kits for chlamydia and gonorrhea are also available for a fee. Express Testing will also be available at SNHD's main public health center, 280 S. Decatur Blvd., Las Vegas, for those who are asymptomatic and would like to get tested and know their HIV status. ODS continues to work with OOC to help promote C2P on SNHD web sites, social media and with the help of community partners. The Center, Sagebrush Health, and AHF continue to offer ongoing HIV/STD, PrEP/PEP, and rapid stART services to the community. Free HIV testing is also available from 8 a.m. – 4:30 p.m. at the Southern Nevada Health District, 280 S. Decatur Blvd., Las Vegas, NV 89107 through the Express Testing/Annex A clinic.
- b. ODS continues to collaborate with community partners to participate at various outreach events. Our continued collaboration and presence at events in the community is key to gaining community trust and to help destigmatize HIV/STI testing which is vital to ending the HIV epidemic. On May 2, 2026, ODS was back at our regular partner location, McDonald's, located at 3010 North Las Vegas Blvd. ODS also returned to Adonis Health Club on May 12, 2026, located at 2225 E. Flamingo Rd, Building 2. Adonis is primarily a men's gym/bathhouse focused on serving the LGBTQ community. As ODS strives to expand our reach to populations with high disease burden, having broader access points in the community are integral. We provided our full service offering of rapid HIV and HCV testing, syphilis testing, overdose prevention services, PrEP navigation, condoms, and educational/informational navigation.
- c. Distribution is ongoing. TB Surveillance developed a laminated flyer titled "Is it TB?" The content includes messaging that encourages providers to "think TB" when talking to their patients about their risks and symptoms. Additionally, there is reporting information and a QR code that links to the provider education training:  
<https://lp.constantcontactpages.com/su/p26ucWo/TBRRegistration>

**B. High Impact HIV/STD/Hepatitis Screening Sites**

1. Testing is currently offered at Trac-B for HIV and Hep C. Also, The Center is offering screenings for HIV, Hep C, Gonorrhea, Chlamydia and Syphilis to the community Monday-Thursday from 1pm-5pm and every Saturday from 9am-2pm. AHF is also offering HIV and STD screenings at their Wellness Clinic locations on Monday, Wednesday, and Friday, and on their MTU.

<b>Office of Disease Surveillance- HIV Prevention Screening/Testing Efforts</b>						
<b>Prevention - SNHD HIV Testing</b>	<b>May-25</b>	<b>May-26</b>		<b>YTD 25</b>	<b>YTD 26</b>	
<b>Outreach/Targeted Testing</b>	1157	400	↓	5932	5078	↓
<b>Clinic Screening (SHC/FPC/TB)</b>	560	66	↓	2963	810	↓
<b>Outreach Screening (Jails)</b>	151	112	↓	1159	569	↓
<b>Collect2 Protect</b>	9	1	↓	35	29	↓
<b>TOTAL</b>	1877	579	↓	10089	6486	↓
<b>Outreach/Targeted Testing POSITIVE</b>	3	1	↓	23	16	↓
<b>Clinic Screening (SHC/FPC/TB) POSITIVE</b>	0	0	→	1	2	↑
<b>Outreach Screening (Jails, SAPTA) POSITIVE</b>	1	0	↓	5	1	↓
<b>Collect2 Protect POSITIVE</b>	0	0	→	0	0	→
<b>TOTAL POSITIVES</b>	4	1	↓	29	19	↓

Targeted outreaches in unhoused communities are ongoing. These efforts are included in the total high impact HIV/STD/Hepatitis screening sites above.

**C. Staff Facilitated/Attended the following Trainings/Presentations**

1. 05/01/2026: Facilitated Youth Mental Health First Aid Training; 12 people in attendance; 2 SNHD ODS staff in attendance.
2. 05/02/2026: Attended the 8th Annual Summit on Children Mental Health as SNHD Representative; 30 people in attendance; 1 SNHD staff in attendance.
3. 05/05/2026: Facilitated Perinatal HIV Prevention Education with SNHD NCM at UMC for NICU, Post Partum, and Labor and Delivery; 21 people in attendance; 9 SNHD staff in attendance.
4. 05/07/2026: Presented to Utah Vending Coalition on PHVM efforts in Nevada; 25 people in attendance; 1 ODS staff in attendance.
5. 05/07/2026: Facilitated Provider Education Visit with American Urgent Care and Infusion Centers-Maryland Pkwy. on NV Congenital and Perinatal Testing and Reporting Laws; 1 person in attendance; 1 ODS staff in attendance.
6. 05/07/2026: Facilitated Provider Education Visit with Florence Jameson MD. on NV Congenital and Perinatal Testing and Reporting Laws; 2 persons in attendance; 1 ODS staff in attendance.
7. 05/07/2026: Facilitated Provider Education Visit with Lilith Clinic on NV Congenital and Perinatal Testing and Reporting Laws; 1 person in attendance; 1 ODS staff in attendance.
8. 05/07/2026: Facilitated Provider Education Visit with Integrity Family Clinic on NV Congenital and Perinatal Testing and Reporting Laws; 2 people in attendance; 1 ODS staff in attendance.
9. 05/07/2026: Facilitated the SNOAC Executive Committee Meeting; 13 people in attendance; 3 ODS staff in attendance.

10. 05/07/2026: Facilitated Better Care for Outreach Teams Training; 19 people in attendance; 2 ODS staff in attendance.
11. 05/07/2026: Facilitated Provider Education about HIV and Syphilis Testing and Treatment Protocols to Summerlin Clinical Supervisor; 3 people in attendance; 2 ODS Health Educator in attendance.
12. 05/07/2026: Presented at LVSCA Security Chief's Meeting on Overdose Education and Naloxone Distribution Program; 50 people in attendance; 1 SNHD staff in attendance.
13. 05/08/2026: Interviewed with New York Times on Overdose Prevention Efforts in Nevada; 3 people attended, 1 ODS staff in attendance.
14. 05/11/2026: Facilitated Overdose Response Training - DHS/TSA; 14 people in attendance; 1 SNHD staff in attendance.
15. 05/11/2026: Attended NV Essentials for Childhood Strategic Planning/Evaluation Workgroup as SNHD Representative; 6 people in attendance; 2 ODS Health Educator in attendance.
16. 05/12/2026: Facilitated CredibleMind Wellness Presentation and Discussion for The Southern Nevada Community Health Center staff; 200 people in attendance; 1 SNHD ODS staff in attendance.
17. 05/12-14/2026: Presented at the 2026 Overdose Response Strategy Conference in St. Louis, MO; 200 people in attendance; 3 SNHD ODS staff in attendance.
18. 05/13/2026: Presented on SPORT Efforts Panel with ODS Staff and Nevada HIDTA; 40 people attended; 2 ODS staff in attendance.
19. 05/13/2026: Facilitated Better Care for Outreach Teams Training; 23 people in attendance; 1 ODS staff in attendance
20. 05/13/2026: Facilitated Empower Change Rapid HIV Testing Training; 13 people in attendance; 4 SNHD staff in attendance.
21. 05/14/2026: Facilitated Empower Change Rapid HIV Testing Training; 13 people in attendance; 4 SNHD staff in attendance.
22. 05/18/2026 – Attended the Extreme Heat Tabletop Exercise coordinated by the Desert Research institute, 1 OOE staff in attendance.
23. 05/20/2026: Facilitated Attorney General's Substance Use Response Group (SURG) on Prevention Meeting as Appointed Representative from Clark County, NV; 20 people in attendance; 1 ODS staff in attendance.
24. 05/21/2026: Presented at LVSCA Security Chief's Meeting LV Metro DTAC on Overdose Education and Naloxone Distribution Program; 50 people in attendance; 1 SNHD staff in attendance.
25. 05/21/2026: Facilitated Infant Sleep Workgroup Meeting; 8 people in attendance; 3 Health Educator in attendance.
26. 05/21/2026: Facilitated CredibleMind Presentation to SNHD Finance Team; 50 people in attendance; 2 SNHD ODS staff in attendance.
27. 05/26/2026: Facilitated Overdose Response Training of Trainers; 24 people in attendance; 2 SNHD staff in attendance.
28. 05/27/2026: Attended the Ryan White Las Vegas TGA Planning Council Meeting as SNHD Representative; 25 people in attendance; 2 ODS staff in attendance.
29. 05/28/2026: Facilitated PrEP Education Visit Nem Medical Center - Rainbow; 2 people in attendance; 1 ODS staff in attendance.

## **D. Office of Epidemiology**

### **1. Epidemiology Reports**

- a. Data quality reports to support the Office of Disease Surveillance's activities and STD/HIV grant deliverables
- b. Monthly and quarterly disease statistics
- c. Weekly MPOX case and vaccination report
- d. Ongoing monthly and quarterly reports for FOCUS HIV grant project
- e. Monthly and quarterly NVDRS, SUDORS and NCLPP reports
- f. Outreach site HIV testing stats-weekly
- g. EPT report- weekly
- h. Weekly Influenza Report
- i. Weekly Arbovirus update
- j. Weekly Wastewater Surveillance Report
- k. HAI Quarterly Report
- l. Weekly Hepatitis C Linkage Report
- m. Weekly Hepatitis C Chronic Surveillance Report
- n. Quarterly Hepatitis Report

### **2. Other Project Updates**

- a. Continue working on the Healthy Southern Nevada, Chronic Disease Dashboard
- b. Developing Maternal and Child Health Dashboard

### **3. Disease Statistics**

- a. Communicable Disease Statistics: April 2026 disease statistics are below. Please note that these data are retrieved as of June 3, 2026. (see Table 1)

Table 1 Monthly Communicable Disease Statistics (April 2026)

**April 2026: Clark County Disease Statistics\***

Data as of 6/3/2026

Disease	2024		2025		2026

\*The total number of cases presented in this report is subject to change due to possible delays in reporting and processing. Cases are counted based on CDC case definitions.

~Diseases not reported in the past two years or during the current reporting period are not included in this report.

~~Monthly rates & monthly rate comparisons were removed from the Clark County Disease Statistics monthly report after July 2018 due to new data suppression rules adopted by the Office of Epidemiology & Disease Surveillance. Please see the Clark County Disease Statistics quarterly report for quarterly rates & quarterly rate comparisons.
