Memorandum

Date: November 6, 2026

To: Southern Nevada District Board of Health

From: **Victoria Burris, MPH,** *Acting Director of Disease Surveillance & Control* VB
Cassius Lockett, PhD, *District Health Officer*

Subject: Disease Surveillance & Control Division Monthly Activity Report – October 2026

A. Division of Disease Surveillance and Control

1. Number of Confirmed and Probable Cases of Selected Illnesses Reported

	October 2025	October 2026		YTD 25	YTD 26	
Sexually Transmitted						
Chlamydia	1097	1025	↓	10208	10478	↑
Gonorrhea	440	442	↑	4188	4226	↑
Primary Syphilis	11	1	↓	84	49	↓
Secondary Syphilis	7	1	↓	90	73	↓
Early Non-Primary, Non-Secondary[1]	36	5	↓	317	205	↓
Syphilis Unknown Duration or Late[2]	105	35	↓	1121	873	↓
Congenital Syphilis (presumptive)	6	3	↓	33	20	↓
Moms and Babies Surveillance[3]						
Pregnant Persons Living with HIV[4]	1	1	→	44	26	↓
Pregnant Syphilis Cases	21	10	↓	215	276	↑
Perinatally Exposed to HIV	2	3	↑	34	19	↓
Vaccine Preventable						
Haemophilus influenzae, invasive disease	1	2	↑	26	41	↑
Hepatitis A	1	0	↓	2	4	↑
Hepatitis B, acute	2	0	↓	28	25	↓

[1] Early Non-Primary, Non-Secondary= CDC changed the case definition from Early Latent Syphilis to Early Non-Primary, Non-Secondary

[2] Syphilis Unknown Duration or Late=CDC changed the case definition from Late Latent Syphilis to Syphilis Unknown Duration or Late

[3] Counts under this section represent investigations conducted by ODS concerning pregnant persons with HIV or syphilis and do not reflect actual counts of cases diagnosed in the specified period. These investigations are aimed at monitoring and preventing adverse health outcomes, such as perinatal HIV transmission and congenital syphilis.

[4] The count reflects ODS efforts around pregnant persons with HIV and is not a reflection of the total number of pregnant persons with HIV in our community. Persons living with HIV who become pregnant are not a reportable condition in Clark County.

[5] Arrows indicate directional change only and do not represent statistical significance.

	October 2025	October 2026		YTD 25	YTD 26	
Influenza Hospitalizations and Deaths	18	106	↑	1260	1438	↑
Meningococcal disease (Neisseria meningitidis)	0	0	→	1	1	→
MPOX	4	4	→	6	44	↑
Mumps	2	0	↓	3	2	↓
COVID-19 Hospitalizations and Deaths	69	49	↓	1196	387	↓
Pertussis	7	0	↓	60	95	↑
RSV	61	32	↓	2324	2540	↑
Enteric Illness						
Amebiasis	1	0	↓	9	7	↓
Campylobacteriosis	28	10	↓	223	191	↓
Cryptosporidiosis	1	0	↓	26	24	↓
Giardiasis	6	2	↓	48	49	↑
Rotavirus	3	3	→	228	149	↓
Salmonellosis	26	16	↓	190	218	↑
Shiga toxin-producing Escherichia coli (STEC)	7	5	↓	83	75	↓
Shigellosis	10	5	↓	70	81	↑
Vibriosis (non-cholera Vibrio species infection)	1	0	↓	11	17	↑
Yersiniosis	2	1	↓	44	39	↓
Other						
Coccidioidomycosis	14	7	↓	203	194	↓
Cryptococcosis	1	2	↑	1	6	↑
Cyclosporiasis	0	0	→	9	14	↑
Dengue	2	0	↓	7	8	↑
Hepatitis C, acute	0	1	↑	7	12	↑
Invasive Pneumococcal Disease	21	11	↓	202	162	↓
Lead Poisoning	20	9	↓	151	224	↑
Legionellosis	2	2	→	41	19	↓
Lyme Disease	0	0	→	6	9	↑
Meningitis, Aseptic	3	0	↓	20	6	↓
Meningitis, Bacterial Other	0	1	↑	6	9	↑
Streptococcal Toxic Shock Syndrome (STSS)	0	1	↑	21	24	↑
New Active TB Cases Counted (<15 yo)	0	0	→	0	2	↑
New Active TB Cases Counted (>= 15 yo)	4	1	↓	54	44	↓

2. Number of Cases Investigated by ODS

Monthly DIIS Investigations CT/GC/Syphilis/HIV/TB	Contacts	Clusters[1]	Reactors/ Symptomatic/ X-ray[2]	OOJ/ FUP[3]
Chlamydia	10	0	31	0
Gonorrhea	7	0	16	0
Syphilis	7	0	108	0
HIV/AIDS (New to Care/Returning to Care)	21	2	68	0
Tuberculosis	118	0	6	1
TOTAL	163	2	229	1

[1] Clusters= Investigations initiated on named clusters (clusters= named contacts who are not sex or needle sharing partners to the index patient)
[2] Reactors/Symptomatic= Investigations initiated from positive labs or reported symptoms
[3] OOJ= Investigations initiated Out of Jurisdiction reactors/partners/clusters
FUP= Investigations initiated to follow up on previous reactors, partners, or clusters

3. Disease and Outbreak Investigations

a. **MPOX:** As of October 31, 2026, Clark County had 393 cases of mpox since the first reported case in 2022. Mpox cases have increased in September; therefore, an outbreak was declared on September 28, 2026. As of October 31, 2026, 31 outbreak cases (15 confirmed, 13 probable, and 3 suspect) have been reported.
b. **MRSA:** ACDC received a report from a client who, along with 2 other friends, got tattoos from the same artist while visiting Las Vegas. All 3 ended up with MRSA skin infections at the site of the tattoo. DSC in collaboration with Environmental Health initiated an outbreak investigation. An additional report/complaint was received from an unrelated 4th person. DSC has obtained the client list for this artist for 3 months and is in the process of contacting clients from the months of August and September to determine other reports of illness. DSC will expand the investigation depending on the findings from the interviews.

4. Non-communicable Reports and Updates

a. **Naloxone Training:** SNHD is training and distributing naloxone (Narcan®) to first responders and members of key community sectors throughout Nevada to better respond to the large-scale burden of opioid overdoses. Funding from SAMHSA's First Responders-Comprehensive Addiction and Recovery Act (FR-CARA), SAMHSA's State Opioid Response (SOR) via sub-awards from the University of Nevada Reno's Center for the Application of Substance Abuse Technologies, BJA's Comprehensive Opioid, Stimulant, and Substance Use Program (COSSUP), and the CDC's Overdose Data to Action (OD2A) program has been instrumental. ODS has implemented a policy for SNHD staff to carry and administer naloxone. ODS has also been given permission at the Clark County Detention Center to place naloxone in a person's property at the facility.

The following naloxone distributions took place in the month of October:

Naloxone Distribution	Agency	# of Naloxone doses distributed
10/1/2026	Fifth Sun Project	48
10/1/2026	Fremont St Experience	48
10/1/2026	Punk Rock Saves Lives	192
10/5/2026	The Promise	216
10/6/2026	The Center	1200
10/6/2026	Riverside Resort and Casino	96
10/6/2026	Boulder City Municipal Court	312
10/6/2026	HELP of Southern Nevada	4800
10/6/2026	Toni's House	2016
10/6/2026	Young People in Recovery	480
10/6/2026	Hope Harbor	312
10/7/2026	Henderson Comprehensive Treatment Center	360
10/8/2026	UNLV School of Public Health	480
10/13/2026	SNHD - L2A	360
10/13/2026	Community Wellness Fair	744
10/13/2026	Binions	48
10/15/2026	SNHD - Primary and Preventative Care	144
10/15/2026	SNHD - L2A	360
10/15/2026	Boyd Gaming	96
10/15/2026	Henderson Angels	576
10/15/2026	Naphcare	336
10/20/2026	The Strat	48
10/22/2026	Olive Crest	48
10/22/2026	Thrive Solutions	120
10/27/2026	Southwest Airlines Health and Safety Fair	144
10/27/2026	UMC	48
10/27/2026	Harmon Hospital	96
10/29/2026	UNLV Student Wellness	120
10/29/2026	People's Medic	240
10/29/2026	Restoration Outreach Road	24
10/29/2026	Valley View Community Cares	2400
10/29/2026	Heartstart	120
10/29/2026	LVMPD	288
Total		16920

b. Overdose Data to Action (ODTA): The ODS ODTA Health Education team monitors the Fentanyl (FTS), and Medetomidine (MTS) Test Strip Program.

The following participating agencies and internal SNHD programs received FTS and MTS during the month of October:

Date:	Agency:	FTS:	MTS:	QTY:
10/01/2026	Punk Rock Saves Lives	200	0	200
10/01/2026	Fifth Sun Project	100	0	100
10/06/2026	Toni's House	1,000	0	1,000
10/06/2026	SNHD Office of Disease Surveillance	100	0	100
10/07/2026	Trac-B/Impact Exchange	2,000	0	2,000
10/07/2026	Comprehensive Treatment Center	300	0	300
10/07/2026	SNHD ODS Health Education	200	0	200
10/20/2026	The Center	0	1,100	1,100
10/26/2026	SNHD L2A Team	0	100	100
TOTALS:		3,900	1,200	5,100

5. Prevention - Community Outreach/Provider Outreach/Education

a. Ongoing promotion continues of the Collect2Protect (C2P) program, an online service for those requesting testing for gonorrhea, chlamydia, and at-home HIV test kits. The C2P program allows users to order an at-home HIV test kit conveniently and privately, at no cost and get their results at home. Test kits for chlamydia and gonorrhea are also available for a fee. Express Testing will also be available at SNHD's main public health center, 280 S. Decatur Blvd., Las Vegas, for those who are asymptomatic and would like to get tested and know their HIV status. ODS continues to work with OOC to help promote C2P on SNHD web sites, social media and with the help of community partners. The Center, Sagebrush Health, and AHF continue to offer ongoing HIV/STD, PrEP/PEP, and rapid stART services to the community. Free HIV testing is also available from 8 a.m. – 4:30 p.m. at the Southern Nevada Health District, 280 S. Decatur Blvd., Las Vegas, NV 89107 through the Express Testing/Annex A clinic.

b. ODS continues to collaborate with community partners to participate at various outreach events. Our continued collaboration and presence at events in the community is key to gaining community trust and to help destigmatize HIV/STI testing which is vital to ending the HIV epidemic. As ODS strives to expand our reach to populations with high disease burden, having broader access points in the community are integral. On Oct 14th , 2026, ODS returned to Adonis Health Club located at 2225 E. Flamingo Rd., Building 2. Adonis is primarily a men's gym/bathhouse focused on serving the LGBTQ community. On October 17th, 2026, we were invited for the first time to partner with Siegel Suites Group's charitable arm, Siegel Cares, and offer services at their Halloween Resources Fair. The Fair was located at 455 Twain Ave. Las Vegas, NV 89169. Additionally, we returned to Obodo Urban Farm located at 1300 C Street to participate in their monthly community gathering. At both of these events we provided

all service offerings of rapid HIV and HCV testing, syphilis testing, overdose prevention services, PrEP navigation, condoms, along with educational/informational navigation. We were able to provide our full-service offerings.

c. TB Surveillance developed a laminated flyer titled “Is it TB?” The content includes messaging that encourages providers to “think TB” when talking to their patients about their risks and symptoms. Distribution is ongoing. Additionally, there is reporting information and a QR code that links to the provider education training: https://lp.constantcontactpages.com/su/p26ucWo/TBRRegistration

B. High Impact HIV/STD/Hepatitis Screening Sites

1. Testing is currently offered at Trac-B for HIV and Hep C. Also, The Center is offering screenings for HIV, Hep C, Gonorrhea, Chlamydia and Syphilis to the community Monday-Thursday from 1pm-5pm and every Saturday from 9am-2pm. AHF is also offering HIV and STD screenings at their Wellness Clinic locations on Monday, Wednesday, and Friday, and on their MTU.

Office of Disease Surveillance- HIV Prevention Screening/Testing Efforts						
Prevention - SNHD HIV Testing	**Oct-25**	**Oct-26**		**YTD 25**	**YTD 26**	
Outreach/Targeted Testing	1162	745	↓	11687	11216	↓
Clinic Screening (SHC/FPC/TB)	336	261	↓	5324	2426	↓
Outreach Screening (Jails)	68	2	↓	1427	625	↓
Collect2 Protect	4	0	↓	69	45	↓
TOTAL	1570	1008	↓	18507	14312	↓
Outreach/Targeted Testing POSITIVE	6	3	↓	45	40	↓
Clinic Screening (SHC/FPC/TB) POSITIVE	1	0	↓	5	2	↓
Outreach Screening (Jails, SAPTA) POSITIVE	1	1	→	7	3	↓
Collect2 Protect POSITIVE	0	0	→	0	0	→
TOTAL POSITIVES	8	4	↓	57	45	↓

Targeted outreaches in unhoused communities are ongoing. These efforts are included in the total high impact HIV/STD/Hepatitis screening sites above.

C. Staff Facilitated/Attended the following Trainings/Presentations

1. 10/01/2026- 10/31/2026: HAI team facilitated 7-weekly EVS trainings for three skilled nursing facilities and 1 acute care facility; 6-10 facility staff in attendance at each session, 1 ACDC staff and 1 EH staff in attendance.
2. 10/02/2026: Attended Big Cities Health Coalition (BCHC) Substance Use Working Group as appointed SNHD Representative; 15 people in attendance; 1 ODS staff in attendance.
3. 10/02/2026: Attended the Clark County Children's Mental Health Consortium Meeting as appointed SNHD representative; 28 people in attendance; 1 SNHD ODS staff in attendance.
4. 10/05/2026: Presented on SNHD's Suicide Awareness Program at the Office of Public Health Preparedness (OPHP) Staff Meeting; 12 people in attendance; 2 SNHD ODS staff in attendance.
5. 10/06/2026: Facilitated Provider Education with AVA Health Partners; 2 people in attendance; 1 ODS staff member in attendance.
6. 10/06/2026: Facilitated Provider Education with Vivida Dermatology; 2 people in attendance; 1 ODS staff member in attendance.

7. 10/06/2026: Facilitated Provider Education with Care More; 1 person in attendance; 1 ODS staff member in attendance.
8. 10/06/2026: Facilitated Provider Education with Farrin Pasifakis; 1 person in attendance; 1 ODS staff member in attendance.
9. 10/06/2026: Facilitated Provider Education with Pima Medical Institute, 1 person in attendance; 1 ODS staff member in attendance.
10. 10/06/2026: Facilitated Provider Education with Prossavid Health Care Center; 1 person in attendance; 1 ODS staff member in attendance.
11. 10/06/2026: Facilitated Provider Education with Centennial Hills Women's Health; 3 persons in attendance; 3 ODS staff member in attendance.
12. 10/06/2026: Facilitated "Mental Health First Aid for Youth (Spanish)"; 18 people in attendance; 1 SNHD ODS staff in attendance.
13. 10/06/2026: Facilitated Medetomidine Test Strip Training for the Center; 6 people in attendance; 1 ODS staff in attendance.
14. 10/06/2026: Facilitated Provider Education with Primewell Medical; 1 person in attendance; 1 ODS staff member in attendance.
15. 10/07/2026: Facilitated PrEP/PEP Provider Education at Desert Primary Care; 1 staff member in attendance; 1 ODS staff member in attendance.
16. 10/07/2026: Virtual Presentation with SNHD Perinatal/Congenital Teams (CS/Hep B/HIV) for Spring Valley Hospital Postpartum Skills and Drills; 5 people in attendance; 2 ODS Health Educator in attendance.
17. 10/07/2026: Presented Spanish Naloxone for the LVMPD's Spanish Citizens Academy; 75 people in attendance; 2 Health Educator in attendance.
18. 10/07/2026: Facilitated Southern Nevada HIV Prevention Planning Group and Presented Perinatal HIV Prevention Education; 23 people in attendance; 8 SNHD staff in attendance.
19. 10/08/2026: Facilitated SNOAC Executive Committee meeting; 12 people in attendance; 4 ODS Staff in attendance.
20. 10/12/2026: Presented CredibleMind Update to the Public Health Advisory Board Meeting; 60 people in attendance; 4 SNHD ODS staff in attendance.
21. 10/12/2026: Presented Update on Seasonal Respiratory Diseases to the Public Health Advisory Board Meeting; 60 people in attendance; 4 SNHD ODS staff in attendance.
22. 10/13/2026: Presented on SNHD's Suicide Awareness Program at the Office of Chronic Disease Prevention and Health Promotion staff meeting (OCDPHP); 20 people in attendance; 2 SNHD ODS staff in attendance.
23. 10/13/2026: Facilitated education on overdose prevention and sexual health at the Clark County Employee Health and Wellness Fair: 100 people in attendance; 2 SNHD staff in attendance.
24. 10/13/2026: Attended the SN Maternal Child Health Coalition Meeting; 25 people in attendance; 2 ODS Health Educators in attendance.
25. 10/14/2026: Facilitated Better Care in the Field: Wound Care Training; 15 people in attendance; 5 ODS staff in attendance.
26. 10/14/2026: Facilitated Making Every Door the Right Door Training; 10 people in attendance; 2 ODS staff in attendance.
27. 10/14/2026: Facilitated PrEP/PEP Education at Southwest Medical (Optum) Residency Program; 26 people in attendance; 1 ODS staff member in attendance.
28. 10/15/2026: Facilitated Better Care in Action training for Clark County Public Administrator & Public Guardians; 20 people in attendance; 1 ODS staff in attendance.
29. 10/15/2026: Facilitated Motivational Interviewing Training; 4 people in attendance; 2 SNHD ODS staff in attendance.

30. 10/15/2026: Facilitated education on overdose prevention and sexual health at the Clark County Employee Health and Wellness Fair; 150 people in attendance; 2 SNHD ODS staff in attendance.
31. 10/15/2026: Facilitated the Infant Sleep Workgroup Meeting; 7 people in attendance; 3 ODS Health Educators in attendance.
32. 10/15/2026: Attended and Presented on Mpox for the Southern Nevada Health Consortium; 17 in attendance; 1 ODS staff in attendance.
33. 10/19 - 10/23, 2026: Attended the Advanced Evaluation Training Workshop in Seattle, WA; 15 people in attendance, 1 ODS staff in attendance.
34. 10/20/2026: Facilitated and Attended "Let’s Talk about Chem Sex" with the Center and SNHD staff; 23 people in attendance; 12 ODS staff in attendance.
35. 10/20/2026: Attended the Clark County Children's Mental Health Consortium Public Awareness Workgroup Meeting as appointed SNHD representative; 10 people in attendance; 1 SNHD ODS staff in attendance.
36. 10/21/2026: Facilitated HIDTA Community Partner Meeting; 10 people in attendance; 4 SNHD ODS staff in attendance.
37. 10/21/2026: Facilitated Better Care in the Field Training; 9 people in attendance; 1 ODS staff in attendance.
38. 10/22/2026: Presented on a panel at Building Bridges 2 Health HIV Summitt and Panelist on "Advancing HIV Prevention and Care"; 42 people in attendance; 6 SNHD/ODS staff in attendance.
39. 10/23/2026: Presented on “Diseases to Keep on the Radar and Southern Nevada’s HAI Program” at APIC Southern Nevada’s Third Annual Microbe Monster Mash.
40. 10/27/2026: Facilitated “Mental Health in Corrections” Training; 3 people in attendance; 3 SNHD ODS Staff in attendance.
41. 10/27/2026: Presented on SNHD's Suicide Awareness Program at the Acute Communicable Disease Control (ACDC) Staff Meeting; 35 people in attendance; 2 SNHD ODS staff in attendance.
42. 10/27/2026: Attended "2026 National HIDTA Conference" (virtual); 500 people in attendance from various agencies; 1 SNHD ODS staff in attendance.
43. 10/28/2026: Presented on CredibleMind at the Hope Means Nevada Monthly Community Exchange; 27 people in attendance; 1 SNHD ODS staff in attendance.
44. 10/28/2026: Attended Ryan White Las Vegas TGA SPA Committee Meeting as SNHD appointed Representative; 38 people in attendance; 2 SNHD ODS staff in attendance.
45. 10/29/2026: Facilitated overdose prevention education at the Halloween Event with Trac-B; 30 people in attendance; 1 ODS staff in attendance.

D. Office of Epidemiology

1. Epidemiology Reports

a. Data quality reports to support the Office of Disease Surveillance's activities and STD/HIV grant deliverables
b. Monthly and quarterly disease statistics
c. Weekly MPOX case and vaccination report
d. Ongoing monthly and quarterly reports for FOCUS HIV grant project
e. Monthly and quarterly NVDRS, SUDORS and NCLPP reports
f. Outreach site HIV testing stats-weekly
g. EPT report- weekly
h. Weekly Influenza Report
i. Weekly Arbovirus update
j. Weekly Wastewater Surveillance Report
k. HAI Quarterly Report
l. Weekly Hepatitis C Linkage Report
m. Weekly Hepatitis C Chronic Surveillance Report
n. Quarterly Hepatitis Report

2. Other Project Updates

a. Continue working on the Healthy Southern Nevada, Chronic Disease Dashboard
b. Developing Maternal and Child Health Dashboard

3. Disease Statistics

a. Communicable Disease Statistics: September 2026 disease statistics are below. Please note that these data are retrieved as of October 28, 2026. (see Table 1)

Table 1 Monthly Communicable Disease Statistics (September 2026)

September 2026: Clark County Disease Statistics*

Data as of 10/28/2026

	2024		2025		2026

Hepatitis C, chronic		414	1,228	597	1,548	423	1,144	7.64	4.31	↓X (-43.59%)

Invasive Pneumococcal Disease		33	181	49	181	16	151	0.40	0.16	↓X (-60.00%)
Lead Poisoning		42	137	48	131	48	215	0.46	0.49	↑ (+6.52%)
Legionellosis		13	26	14	39	7	17	0.13	.	-
Listeriosis		1	5	1	1	1	1	.	.	-
Lyme Disease		4	8	2	5	4	9	0.05	.	-
Malaria		3	4	1	3	1	1	.	.	-
Meningitis, Aseptic		10	25	6	17	2	6	0.14	.	-
Meningitis, Bacterial Other		1	4	1	5	2	8	0.04	.	-
Meningitis, Fungal		0	3	1	1	1	2	.	.	-
Spotted Fever Rickettsiosis		1	1	0	0	0	0	.	.	-
Streptococcal Toxic Shock Syndrome (STSS)		6	28	3	21	3	23	0.05	.	-
Tuberculosis, Active		19	53	13	50	16	45	0.18	0.16	↓ (-11.11%)
West Nile Virus neuroinvasive disease		3	14	0	0	0	1	.	.	-

*Use of illness onset date in data aggregation for cases other than STD or TB (since Jan-2013) causes changes in cases reported here from previously released reports. Numbers are provisional including confirmed, probable, and suspect cases that are reportable to CDC. HIV/AIDS/TB case counts are provided on a quarterly basis. Rate suppression denoted by '.' for rates corresponding to case counts < 12.

~Diseases not reported in the past five years (aggregate data) and not reported during the current reporting period are not included in this report.

~~Confidence intervals (not shown) for the quarterly disease incidence rates provided a basis for an informal statistical test to determine if the current quarterly rates changed significantly from those of the previous 5-year aggregated rates. Green text represents rates that decreased significantly, whereas red text represents rates that increased significantly. Statistically significant changes are indicated by 'X.'
