# Updates to SNHD Clinical Master Fee Schedule

---

DONNIE (DJ) WHITAKER  
CHIEF FINANCIAL OFFICER

MARCH 27, 2025

# Clinical Master Fee Schedule Review

---

The billing fee schedule is reviewed annually to add new fees or adjust existing fees.

Annual review of fees allows for changes on a consistent basis to stay consistent with the local medical community prevailing rates. These regular fee updates position SNHD for the potential benefit of increased reimbursement from contracted insurances and Medicare.

Uninsured patients will see minimal, or no impact based on the availability of the sliding fee or point of care discount.

# Clinical Master Fee Review Methodology

---

Compare all fees currently utilized in SNHD operations to fees established in the Clark County local healthcare community (Source: The Physician Fees Report 2025).

Identify existing fees lower than 60th percentile of reported fees for further review. Add new fees anticipated to be utilized in 2025.

Propose fee changes based on comparison of current fees to 60<sup>th</sup> percentile of reported fees and Medicare reimbursement rate.

If there are fees not represented in the Physician Fees Report, an analysis of direct and indirect costs for services, medications or other ancillary costs is completed to form a basis for the fees.

These methods ensure SNHD is positioned to receive the fullest reimbursement possible from payers. Proposed changes to individual fees are included in Exhibit A (305 fees total with 47 new fees). All other fees on the billing fee schedule remain the same.

The complete master billing fee schedule that includes all Current Procedural Terminology (CPT) codes available for billing can be furnished upon request. SNHD only utilizes a small percentage of this entire schedule.
