Decatur Pediatric Data

UDS Measures

Child Weight Assessment & Counseling for Nutrition/Physical Activity (UDS Measure)

Compliance increased from 9.5% in CY 2025 to 12.6% year-to-date through Q3. This represents a 3.1% improvement over the prior year.

YTD Q3 2026: 12.6%

CY 2025: 9.5%

Well Visits

Outreach calls are conducted to address and close pediatric care gaps for well child visits. Our Medicaid empanelment has doubled from the year prior and we are seeing steady quarterly increases

Looking Forward

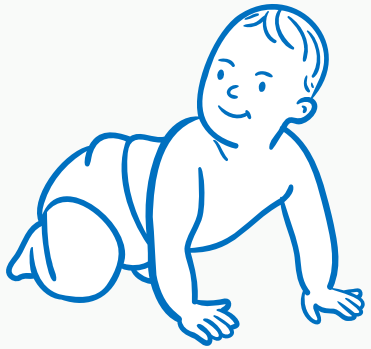

- ❑ Continued outreach, collaboration
- ❑ QI survey
- ❑ Continuing sports physical promotion
- ❑ Expand services to other sites

THE END
