

Sanitation Certification Marks

The below agencies are accredited by ANSI as a Certification Body (ISO/IEC 17065)

Field Evaluation Marks

The below agencies are accredited by ANSI as an Inspection Body (ISO/IEC 17020)

Note: Field Evaluations are not Sanitation Certifications. A field evaluation includes a written report with deficiencies listed. If the deficiencies can be corrected, the Health Authority may allow use of the equipment.

* The list of agencies herein is not all-inclusive. If you would like to use a different agency, SNHD will verify that it is appropriately accredited by ANSI and will allow the marking or evaluation. SNHD does not claim rights to any of the registered trademarks used and the examples are not to be construed as an endorsement.
