ACKNOWLEDGEMENT											
Nevada Revised Statute 446.930 requires that properly prepared plans and specifications be submitted to the Health Authority for review and approval when construction or remodeling of food and drink establishments is anticipated, and prior to the start of such work. Applications submitted for establishments after construction has begun or greater than 30 days after taking over ownership will be charged late fees as provided in the EH Fee Schedule.											
I acknowledge that I have answered all questions honestly, accurately, and completely and that I have read and understand the General Information listed above. I will comply with SNHD REGULATIONS and allow the HEALTH AUTHORITY unimpeded access to the establishment and to records as required.

INSTRUCTIONS FOR SUBMISSION OF PLANS FOR REVIEW

WWW.SNHD.INFO | FoodRev@snhd.org | (702) 759-1258

Electronic Submissions for Remote Review (Preferred)

Applications may be submitted electronically, without an appointment, to <u>FOODREV@SNHD.ORG</u>. If you are submitting a large file and would like an upload link, please call (702) 759-1258 to request one.

Once staff have verified that the application packet is complete (see *Minimum Requirements for Plan Submission*), you will receive a plan review appointment invitation. Plans are reviewed remotely on the day of the appointment. An inspector will contact you via phone or email when they begin reviewing your plans. The plan status, required corrections, and an invoice will be provided to you via email after the review is complete.

In-Person Submissions

If you are unable to submit your application electronically, you may schedule an appointment on a "first come, first served basis" for in-person submission by calling (702) 759-1258.

Payment of Fees

- Plan Review and Annual Health Permit fees must be paid upon receipt of the invoice.
- Fees may be paid online: www.snhd.info/eh/payment
- The Fee Schedule may be found on our website: www.snhd.info/permits-regulations.
- Plan Review Fees are not refundable.

Inspections

Up to two on-site visits, a "rough plumbing" inspection, and a "pre-final" walkthrough, may be required or requested prior to the final permitting inspection. Failure to provide proof of approvals, if required, from other agencies of jurisdiction (such as Fire Prevention or Building & Safety) may delay the final approval of the project.

Inspection cancellations must be made prior to the inspector's arrival at the facility. A re-inspection fee for each permit will be assessed if the establishment is not ready for a scheduled inspection. All fees must be paid prior to scheduling any field appointments.

Establishments must be fully functional, with water, power, gas, and hot water, with equipment fully operational. A Certificate of Occupancy or Temporary Certificate of Occupancy must be obtained prior to the final permitting inspection for new construction or remodel projects as required by the jurisdiction. Establishments may not stock food or open for business until after the final permitting inspection has been completed and passed and approvals from other agencies have been obtained.

Other Information

Undisclosed design or operational characteristics on plans and/or applications do not constitute approval of such mistakes or omissions. It is the responsibility of the permit holder to properly develop the project and contact all applicable agencies and SNHD programs for approvals such as Individual Sewage Disposal System, Public Water Systems, Underground Storage Tanks, HACCP/Labeling, etc.

Minimum Required Documents for Plan Submission

- ✓ A completed application and signed Instructions for Submission of Plans for Review.
- ✓ Proof of Ownership in the form of a Lease, Deed, or other legal document granting permission for the permit applicant to operate at the specified physical location.
- ✓ Plans Required for New and Remodel Permits only: Submit plans in electronic format (PDF). Plans must include: Equipment layout and specifications; plumbing supply lines, waste lines, and fixtures; finishes of floors, walls, and ceilings; and lighting. You may also include photos as needed.
- ✓ Menu Required for establishments with open-food handling.
- ✓ Food Questionnaire Required for establishments that cook, cool, or reheat food.
- ✓ Commissary Agreement Required for establishments that are portable.

Appointments for review will not be conducted until staff verify that the application packet is complete and all required documents, as specified above, are turned in.

I, the undersigned, as a representative of the permit holder/applicant, have read, understand, and agree to be held to the conditions and responsibilities as provided in this document.
