ISDS is no longer in use		Structure(s) connected to the ISDS have been destroyed	
Connected to Community Sewerage System:			Permit #:
CERTIFICATION			
Septic Tank	The contents of the septic tank have been removed by a liquid waste hauler permitted under Chapter 18 of the SNHD Regulations and disposed at an SNHD-approved disposal facility.		
	The septic tank has been crushed or filled with material consisting of earth, sand, gravel, concrete, or another approved material.		
	The septic tank has been removed and disposed of at an SNHD-approved disposal facility.		
Soil Absorption System	The soil absorption system has been abandoned in place.		
	The soil absorption field, contaminated soil, and all other associated components of the ISDS have been removed and disposed of at an SNHD-approved disposal facility.		

Submit this "ISDS Abandonment/Removal Form" with the following attachments to SNHD at [septics@snhd.org](mailto:septics@snhd.org).

- Pump receipt from an SNHD-approved Liquid Waste Hauler.
- Disposal receipt from Republic Services (Apex Landfill) or another SNHD-approved disposal facility.
- Photo documentation of the septic tank being crushed or filled with earth, sand, gravel, concrete, or another approved fill material.
- Proof of connection to a community sewerage system (if applicable).

I, \_\_\_\_\_, certify that the ISDS has been removed or abandoned in accordance with Chapter 17 of the *SNHD Regulations Governing Individual Sewage Disposal Systems and Liquid Waste Management* and that, to the best of my knowledge, the information contained within this form is complete and accurate.
