

How to Print a Health Permit

Health permits are available for self-download from your online account. To print your health permit, you must first create an account, link the existing permits to your account, and pay any outstanding annual health permit fees. Health permits will not be available for download if annual permit fees are not paid in full. The current health permit must be posted at the permitted facility in a conspicuous location.

1. Access the online permitting portal by clicking <http://aca-prod.accela.com/SNHD/> and login using your credentials.
2. Once logged into your account, select 'Home' -> 'My Records'.

3. Click on the record for the permit you would like to print.
