Refrigerator Temperature Log

Maintain food at 41°F or colder.
If the temperature is above 41°F, notify the person in charge (PIC) immediately.
Document what corrective action was taken if the food is found above 41°F.

Date	Time	Location or Unit	Air or Food Temperature	Recorded By	Corrective Action	PIC Review
1/1/19	9:30am	Cold prep	40°F	AB	**Example**	CD
