Question Number	Date Received	Question	Answer
Q1-1	01/15/2026 1:28 PM	How will the cameras be controlled? How do you envision switching between cameras will occur?	<i>Cameras are to be controlled through the tablet interface ideally, or through a separate, dedicated UI. At the very least, presets must be loadable from the tablet.</i>
Q1-2	01/15/2026 1:28 PM	What is the method of use for Teams and Zoom? Will a user bring in a laptop to host the meeting with Zoom/Teams Running? Or will there be a room PC in a rack?	<i>There will be a room PC in the rack. However, we need to be able to host and join a Teams meeting without a computer. We will also need to be able to join Zoom meetings we are invited to without a computer. The room PC will be used to share content and participate in any non-Teams/Zoom meetings.</i>
Q1-3	01/15/2026 1:28 PM	Do you want a Touch Panel in Each room which can control both rooms as needed?	<i>A mobile touch panel (not fixed) must be available for each of the rooms. They can be wall or desk mounted for charging but detachable.</i>
Q1-4	01/15/2026 1:28 PM	Are you looking for a wireless gooseneck microphone with the ability to connect a cable is needed, or are you looking for a wireless gooseneck microphone and also want an option on the proposal for a separate wired gooseneck microphone system?	<i>We need wireless gooseneck microphones to work in conjunction with existing wired microphones. We will use the existing wired microphones for redundancy and overflow. The receiver for the existing mics should be replaced with something that can integrate and be supported with the new AV system.</i>
Q1-5	01/15/2026 1:28 PM	An equipment rack is not listed in the deliverables, you should expect to need one, would you like that to be supplied by the AV vendor?	<i>There is an existing rack in place that can be used. Contractor may also supply a replacement if the existing rack is deemed inadequate.</i>
Q1-6	01/15/2026 1:28 PM	Can you provide photos of the room and photos of the location where an equipment rack can be placed?	<i>SNHD will not provide photos. Contractors were provided full access at the mandatory site visit so that they could take all the photos they needed to enable them to bid on the project.</i>
Q1-7	01/15/2026 1:28 PM	The documentation does not list any OFE equipment, is there any OFE equipment you wish to use moving forward? If so please list model numbers for all OFE equipment which should be used in the upgraded AV system.	<i>3x 85inch TVs. Room PC (Dell Optiplex Micro w/ HDMI out), existing gooseneck wired microphones.</i>

Q1-8	01/15/2026 1:28 PM	If we are to Uninstall/remove old equipment. SNHD will recycle/repurpose old equipment, and add three projectors, presumably in the place of existing equipment, please define the need for 6 video outputs, since you only have three projectors in the upgraded system.	<i>There are 3 other wall-mounted TVs in the room in addition to the 3 projectors.</i>
Q1-9	01/15/2026 1:28 PM	Will you need 2 lapel microphones for each room, or only 1 for each room?	<i>2 total that may be used 1 per room or both in same room.</i>
Q1-10	01/15/2026 1:28 PM	How will the 30 gooseneck mics be used? Will there be 15 for each room for a combined 30 when the room is combined? Or will you need 30 for each room, for a combined total of 60 mics when the room is combined?	<i>30 total for combined room. 20 in the large room. 10 in the small room.</i>
Q2-1	1/20/2026 11:09 AM	What are the limits of availability during the work week once the Bid is awarded through the completion deadline of 04/30/2026. Is the room exclusively [only] available Friday, Saturday, and Sunday for this job?	<i>Thursday 12:00 PM through Monday 6:00 AM during the project duration. Work must be coordinated so that the rooms are available and fully functional Monday 6:00 AM through Thursday 12:00 PM inclusive.</i>
Q2-2	1/20/2026 11:09 AM	Does prevailing wage rates apply to this project?	<i>Yes, Contractor shall ensure that all employees on the Project are paid, at a minimum, the Prevailing Wages for Clark County Nevada established by the Nevada OLC. Contractors and all subcontractors working on the Project shall comply with the Nevada Apprenticeship Utilization Act.</i>
Q3-1a	1/20/2026 1:22 PM	Sec C, 8: Will an OFE audio recorder will be used in the end solution or are we to provide a new one with our bid?	<i>Contractor will need to provide a recorder with the bid.</i>
Q3-1b	1/20/2026 1:22 PM	Please provide the make/model of the OFE audio recording solution (if reusing)	<i>We do not currently have a dedicated solution for this. We use the recording feature of Teams or Zoom but offline meetings cannot be captured.</i>
Q3-1c	1/20/2026 1:22 PM	How many audio channels need to be recorded?	<i>Only the master channel/program mix needs to be recorded.</i>
Q3-1d	1/20/2026 1:22 PM	What audio mixes are required for recording (Far end audio, near end audio, microphone mixes, content etc.)	<i>Near-end (mic channels each on their own tracks). Content audio on a separate track. Far-end on a separate track.</i>
