

Public Health Update September 29, 2022 2022-2023 Influenza Season Kick Off

Situation

The Southern Nevada Health District (SNHD) will begin surveillance for the 2022–2023 influenza season on October 2, 2022, and continue surveillance through May 20, 2023.

Weekly influenza surveillance reports with information on influenza including trends seen in Clark County and the nation will be distributed throughout the season. Reports are located on SNHD's website at <https://www.southernnevadahealthdistrict.org/news-info/statistics-surveillance-reports/influenza-surveillance>

All healthcare providers shall report influenza cases that meet the following criteria to SNHD.

Influenza Reporting Requirement in the State of Nevada (NAC 441a.575)

A healthcare provider shall report an influenza case that is

1. associated with a hospitalization or death, **OR**
2. part of an influenza outbreak, **OR**
3. known or suspected to be of a viral strain that:
 - a. Has been determined by the Centers for Disease Control and Prevention (CDC) or the World Health Organization (WHO) to pose a risk of a national or global pandemic, **OR**
 - b. Is novel or untypable.

Reporting Influenza Cases to SNHD

1. Report online by completing the Online Provider Disease Reporting Form at <https://www.southernnevadahealthdistrict.org/diseasereports/forms/disease-reporting> (Recommended).
2. Complete and fax the State of Nevada Confidential Morbidity Report Form (attached) to (702) 759-1414.

If you have any questions please contact the SNHD Office of Acute Communicable Disease Control (ACDC) at (702) 759-1300.

A handwritten signature in blue ink, appearing to read 'Fermin Leguen', is positioned above the printed name and title.

Fermin Leguen, MD, MPH
District Health Officer
Southern Nevada Health District

Attachment State of Nevada Confidential Morbidity Report Form

Health Alert: conveys the highest level of importance; warrants immediate action or attention

Health Advisory: provides important information for a specific incident or situation; may not require immediate action

Health Update: provides updated information regarding an incident or situation; unlikely to require immediate action

Nevada Reportable Diseases

Acquired Immunodeficiency Syndrome (AIDS)*

Amebiasis

Animal bite from a rabies-susceptible species*

Anthrax*

Arsenic:

Exposures and Elevated Levels

Botulism*†

Brucellosis

Campylobacteriosis

CD4 lymphocyte counts <500/μL

Chancroid

Chikungunya virus disease

Chlamydia

Cholera

Coccidioidomycosis

Extraordinary occurrence of illness - Coronavirus
Disease 2019*†

Cryptosporidiosis

Dengue

Diphtheria†

Drowning‡

Ehrlichiosis/anaplasmosis

E. coli O157:H7

Encephalitis

Enterobacteriaceae, Extraordinary occurrence of
illness - Carbapenem-resistant (CRE), including
Carbapenem-resistant Enterobacter spp., Escherichia
coli and Klebsiella spp.

Exposures of Large Groups of People‡

Extraordinary occurrence of illness (e.g. Smallpox,
Dengue, SARS)*†

Giardiasis

Gonorrhea

Granuloma inguinale

Haemophilus Influenzae (invasive disease)

Hansen's Disease (leprosy)

Hantavirus

Hemolytic-uremic
syndrome (HUS)

Hepatitis A, B, C, delta, unspecified

HIV infection*

Influenza

Lead: Exposures and Elevated Levels

Legionellosis

Leptospirosis

Listeriosis

Lyme Disease

Lymphogranuloma venereum

Malaria

Measles (rubeola)†

Meningitis (specify type)

Meningococcal Disease*

Mercury: Exposures and Elevated Levels‡

Mumps

Outbreaks of Communicable Disease*†

Outbreaks of Foodborne Disease*†

Pertussis

Plague*†

Poliomyelitis*†

Psittacosis

Q Fever

Rabies (human or animal)*†

Relapsing Fever

Respiratory Syncytial Virus (RSV)

Rotavirus

Rubella (including congenital)†

Saint Louis encephalitis virus (SLEV)

Salmonellosis

Severe Reaction to Immunization

Shigellosis

Spotted Fever Rickettsioses

Streptococcus pneumoniae (invasive)

Streptococcal toxic shock syndrome

Syphilis (including congenital)

Tetanus

Toxic Shock Syndrome

Trichinosis

Tuberculosis†

Latent Tuberculosis, report of positive TST/IGRA

Tularemia*

Typhoid Fever

Vancomycin intermediate Staphylococcus aureus (VISA) and

Vancomycin resistant Staphylococcus aureus (VRSA) Infection

Vibriosis, Non-Cholera

Viral Hemorrhagic Fever*

West Nile Virus

Yellow Fever

Yersiniosis

Zika virus disease

* Must be reported immediately

† Must be reported when suspect

‡ Reportable in Clark County Only

All cases, suspect cases, and carriers must be reported within 24 hours

Updated October 2021

State of Nevada Confidential Morbidity Report Form Instructions

Disease Reporting

The Nevada Administrative Code (NAC) Chapter 441A requires reports of specified diseases, food borne illness outbreaks and extraordinary occurrences of illness be made to the local Health Authority. The purpose of disease reporting is to recognize trends in diseases of public health importance and to intervene in outbreaks or epidemic situations. Physicians, veterinarians, dentists, chiropractors, registered nurses, directors of medical facilities, medical laboratories, blood banks, school authorities, college administrators, directors of childcare facilities, nursing homes, and correctional institutions are required to report. Failure to report is a misdemeanor and may be subject to an administrative fine of \$1,000 for each violation.

HIPAA and Public Health Reporting

HIPAA laws were developed so as not to interfere with the ability of local public health authorities to collect information. According to 45 CFR 160.204(b): "Nothing in this part shall be construed to invalidate or limit the authority, power, or procedures established under any law providing for the reporting of disease or injury, child abuse, birth, or death, public health surveillance, or public health investigation or intervention."

Instructions for Completing the Morbidity Report Form

Provider Information

Attending Physician/Phone/Fax

The physician primarily responsible for the care of this patient

Person Reporting/Phone/Fax

Provide if different than attending physician

Facility Name/Phone

List the locations for facilities with multiple locations.

Report Date

The date that this report is submitted

Patient Information

Sufficient information must be provided to allow the patient to be contacted. If insufficient information is provided, you will be contacted to provide that information. Attaching a patient face sheet to this report is an acceptable method of providing the patient demographic information.

Address/County/City/State/Zip

The home address of the patient, including the county

Date of Birth / Age

The patient's date of birth or age if birthdate is unknown.

Parent or Guardian Name

For patients under the age of 18, the name of the person(s) responsible for the patient

Phone

The home phone of the patient

Occupation / Employer / School

The occupation or employer of the patient, or the name of the school attended for students

Social Security Number

This information greatly assists in the investigation of cases, allowing easier access to laboratory and medical records.

Medical Record Number

A patient identifier unique to the facility or office

Gender / Sex Assigned at Birth

The current gender of the patient and the sex assigned at birth

Pregnant / Pregnancy EDC

The pregnancy status of the patient and their estimated date of confinement (projected delivery date)

Marital Status

The marital status of the patient

Race / Ethnicity

Race and ethnicity categories have been chosen to match those used by the Centers for Disease Control and Prevention.

Primary Language Spoken

Providing this information makes it easier to contact non-English-speaking patients and arrange for translators

Birth Country and Arrival Date

If the patient was not born in the United States, provide the patient's country of origin and date of arrival in the US.

Incarcerated

The incarceration status of the patient. If the patient is currently incarcerated, list the facility in the comments section

Disease Information

Disease or Condition Name

This form should be used for all legally reportable diseases in the state of Nevada

Onset Date

The date of the first symptom experienced by the patient

Diagnosis Date

The date that this disease was diagnosed. For reports of suspect illness, enter the date the illness was suspected.

Date Admitted/Discharged

For any patients admitted to a hospital, the date of admission and discharge (if the patient has been discharged)

Deceased / Date of Death

If the patient has died, list the date of death. If known, list the cause of death under comments.

Symptoms

All relevant symptoms

Laboratory Testing

If laboratory testing has been ordered, please attach the laboratory results to this form. If relevant tests are pending, list them in the comments section, as well as the name of the laboratory performing the testing

Treatment

Treatment information is necessary for the reporting of sexually transmitted diseases, and helpful in the investigation of other illnesses. If this field is left blank, you will be contacted to provide this information

Comments

Provide any additional information that may be useful in the investigation or to explain answers given elsewhere on this form.
